EXPERIENCE

OVERALL I HAVE EXPERIENCE OF 140+ GRAPHIC DESIGNING PROJECTS, 20+ WEBSITES ,4 INTERNATIONAL LEVEL WEBSITE DESIGNS, KNOWLEDGE OF 20+ PLUGINS OF WORDPRESS ALSO HAVE EIGHT MONTHS OF FREELANCING EXPERIENCE

5D TECH GUJRAT GRAPHIC AND WEB DESIGNER APRIL 2021-AUGUST 2022

At 5D Tech, I worked as a Graphic website front-end designer and kick-started my career in this field. During my time there, I gained extensive knowledge and experience in designing, allowing me to refine and enhance my skills to a great extent.

4NDS NETWORK WEBSITE DEVELOPER AUGUST 2022-MAY 2023

In 4nd Network, I working as a UI/UX and FronEnd specialist. This role has provided me with valuable insights into the power of graphics and its ability to make a significant impact. Moreover, I have had the opportunity to join a community of professionals, allowing me to engage and learn from like-minded individuals in the field.

VISIONBIRD TECHNOLOGY FRONTEND DEVELOPER JUNE 2023 - SEP 2024

Visionbird Technology is seeking a Web and Graphic Designer with a passion for creating captivating user interfaces. Join our team to design visually stunning websites and graphics. Flutter app development opportunities await, making it an exciting journey in June 2023 and September 2024.

SYNTAX DIGITAL APP LEAD ENGINEER AUG 2024 - CONTINUE

Designed visually captivating websites and engaging Code as part of a creative team. Collaborated on UI/UX projects and contributed to a variety of digital assets. Also supported Flutter app development, enriching the design process and enhancing user experiences.

APP DEVELOPMENT AND GIT

OVER THE PAST YEAR, I'VE EMBARKED ON AN EXCITING JOURNEY OF LEARNING AND MASTERING THREE FUNDAMENTAL PILLARS OF MOBILE APP DEVELOPMENT: FLUTTER, DART, AND GIT/GITHUB. THIS IMMERSIVE EXPERIENCE HAS BEEN A TESTAMENT TO MY DEDICATION AND COMMITMENT TO HONING MY SKILLS IN THE WORLD OF MOBILE APP DEVELOPMENT.

DICE ROLLER

The Dice Roller app was my first endeavor, serving as an introductory project. I created app that allowed users to simulate dice rolls with various configurations.

FLUTTER QUIZ APP

I developed a Flutter Quiz app, dynamic question loading, score tracking, and result presentation. This project honed my Dart skills my understanding of advanced Flutter concepts like navigation and state management.

TWO CALCULATORS APPS

Visionbird Technology is seeking a Web and Graphic Designer with a passion for creating captivating user interfaces. Join our team to design visually stunning websites and graphics. Flutter app development opportunities awaits.

GYM GUIDE ELITE

Gym Guide Elite is my debut Play Store app, featuring 7-day exercise plans, customized food plans, and an AI trainer for personalized guidance. It simplifies fitness routines with structured workouts and nutritional support.

INDEPENDENCE CARE

A connected app integrated with a website, utilizing API functionality. The app enables caregivers to log into their accounts to view upcoming and completed duties, and to clock in/out using live location tracking.

TAPXI DRIVER & TAPXI PASSENGER

The tAPXI Driver and Passenger apps, combined with a dynamic web dashboard, deliver an Uber-like experience. Passengers register, request, and track rides in real-time, while drivers manage and respond to requests seamlessly. The web dashboard provides admins with ride analytics and user insights, optimizing the ride-sharing process.
