APP DEVELOPMENT AND GIT

OVER THE PAST YEAR, I'VE EMBARKED ON AN EXCITING JOURNEY OF LEARNING AND MASTERING THREE FUNDAMENTAL PILLARS OF MOBILE APP DEVELOPMENT: FLUTTER, DART, AND GIT/GITHUB. THIS IMMERSIVE EXPERIENCE HAS BEEN A TESTAMENT TO MY DEDICATION AND COMMITMENT TO HONING MY SKILLS IN THE WORLD OF MOBILE APP DEVELOPMENT.

DICE ROLLER

The Dice Roller app was my first endeavor, serving as an introductory project. I created an interactive app that allowed users to simulate dice rolls with various configurations.

FLUTTER QUIZ APP

Next, I embarked on the Flutter Quiz app. It represented a significant leap in complexity, as I had to implement dynamic question loading, user score tracking, and result presention. The project honed my Dart programming skills and introduced me to more advanced Flutter concepts like navigation and state
